and reference need be made here only to two or three points:-

(1) The ~~old~~ Existing progressive register has been recast so as to furnish a daily progressive balance of each case (and not merely of the aggregate of transactions as at present).

(2) The "warrant" register (no ~~XIII~~ VIII) has been abolished as serving no useful purpose.

(3) There is to be a new quarterly Statement viz of Insolvency applications.

(4) The process registers have in a few places been modified but the chief change proposed is that each Amin or process server is to have, in future, a definite area within which he is to serve all the processes at a given time. This is evidently intended to be a check against dilatoriness or false statements of pressure of work on the part of the peons.

Offg: Secretary to the Govt: of Mysore,
General and Revenue Departments.

S i r,

In continuation of this office No. 1641/132 of this date I am directed to say that the Nazarath registers have been revised and to ask for sanction to the proposals now made.

2. The present registers are:-

Process Register B.
Register C.
Register D.
Register E.
Register F.
Registers, VII A and VII B.
Curator's Register
Attendance Register.

3. These registers have now been relettered and it is proposed that the following registers be maintained:-

A.

A. Register of Processes. - This register corresponds with present Register B and no change is proposed except that Register No. XX will be substituted for Register A in the second column.

B. Register of work done by the process serving Establishment. - This will take the place of present Register C. The Register will be compiled immediately after the close of each month from the work tickets and the Attendance Register and the work done during the month by any amin or process server can be seen at a glance. With reference to column 6 I am to explain that each process serving area will be divided into circles, each circle radiating from the head quarters like the spaces contained between the spokes of a wheel. Each circle will be numbered and the dates on which amins and process servers are sent out to each circle will be communicated to the courts. Where this system has been tried it has been found to work satisfactorily.

C. Process servers work ticket. - This will take the place of present Register D. As each amin or process server returns from duty his work ticket will be placed on a file.

D. Bill Book. Present register E. In column 1 for 'B' read 'A' and, in column 2 for 'A' read 'No. XX'.

E.

E. Permanent Advance Account with plus and minus memo. - The register corresponds with present Register F and the plus and minus memo has been prescribed at the suggestion of the auditor. In column 1 for 'serial number' read 'date' and in column 2 for 'B' read 'A'.

F. Property Register - Immoveables Present Register VII A. A column for 'serial number' will be prefixed and the remaining columns will be renumbered.

G. Property Register - Moveables. This register will be kept in two parts, the one part for moveables in the custody of the Nazir and the other part for moveables which are not in his custody. Under this arrangement the Curator's register can be abolished.

H. Attendance Register (page 114 b of Civil Digest). No change is proposed.

S i r,

Adverting to your letter No. J. 1626/Cts.127-11-4 dated 21st November 1911 enquiring whether the utility of the new Progressive Ledger proposed to be introduced would be commensurate with the extra work thrown on the Nazir, I am directed to forward a copy of letter No. 23 dated 26th Idem from the Auditor of Civil Courts and to state that the present form of subsidiary register appears to serve no purpose at all. If a subsidiary register is deemed necessary then it must be maintained in proper form irrespective of the question whether it does or does not entail extra work.

B a n g a l o r e.

S i r,

Your Memo No. 2209/1203 dated 23/24th November 1911 calling for a report from me as regards the proposed form of the Subsidiary Ledger in reference to General No. J.1626/Cts.127-11-4 dated 21st November 1911.

-----:::0:::-----

With reference to the above I beg to submit that the form of Subsidiary Ledger now proposed has been in modification of the one that has been superseded by the Chief Court Circular letter No. 206. In order to curtail clerical labour it has been arranged to be opened once at the beginning of each official year instead of each month according to the old form. No doubt that its introduction will entail some extra work on the Nazirs, but from what has been gathered they have been feeling its want. Moreover, it is to be observed that without a Subsidiary Ledger the set of the Civil Courts' account books appears to be defective. It is on maintaining this book the statement of petty items lapse to Government annually, as required under para 16 (2) of Rule of Practice No. 129, could be correctly and timely attended to. It will also facilitate the Nazirs to have the unclaimed copying fees credited to Government timely as required under para 21 of Rule of Practice No. 148. Besides the book will not only

enable

enable the Judges to exercise some check on the ledger postings but will also be the only means in detecting any discrepancies between the cash book and the ledger balances.

In conclusion I beg to add that the matter of arranging for some help being permanently given to the Court Nazirs both as regards their clerical and comparing works especially in the 1st and 2nd class Courts has been already respectfully urged by me for the favourable consideration of the Honourable the Chief Court.

I beg etc:
